

Downtown Development Revolving Loan Fund (DD RLF)

The purpose of the Downtown Development Revolving Loan Fund (DD RLF) is to assist cities and counties in implementing quality downtown development projects.

Eligible Applicants are municipalities with populations of 50,000 or less or counties proposing projects in municipalities with populations of 50,000 or less.

Funds were authorized to be used for the DD RLF by the Georgia General Assembly beginning with fiscal year 2000. The Georgia Department of Community Affairs (DCA) administers the DD RLF and makes loans to eligible applicants. Eligible applicants may, with DCA approval, loan DD RLF funds to downtown development authorities, for-profit or not-for-profit organizations, or other eligible sub-recipients. DCA staff reviews all loan requests and DCA sets terms for each approved loan application depending on project needs.

The loan limit is \$250,000 per project. At its discretion, DCA may decide to lend an amount less than the amount requested in an application.

Economic Development Revolving Loan Fund (RLF)

The goal of this program is the creation and/or retention of jobs, primarily for low and moderate income persons in the City of Waycross by providing financial assistance to existing businesses and/or "start up" ventures where the City's involvement is necessary for the projects viability.

This program is designed to assist small service, commercial and industrial businesses in the City of Waycross by providing "gap financing."

This financial assistance must result in the meeting of the overall program objectives and the creation or retention of permanent jobs for low and moderate income persons.

For more information about these programs, please feel free to contact Mr. Larry Gattis, Finance Director for the City of Waycross @ (912) 287-2964.
